*Dear Numera Libris 2 Customer,*

*I'd like to welcome you to the most current Personnel Safety Wellness device on the market.*

*If I may take a moment of your time to cover a few things we would like to make using your new device as easy as possible. Once you have received your unit remove it from the box and plug in the cord into a wall socket. Then place the unit in the charging base then wait for about 10-20 minutes wait for the voice prompts to finish activation and set up. Then simply push the center button and wait for the response team to answer and complete set up and you're done.*

*Lastly, I would like to offer you \$ 50.00 for every referral you give us that activates a Libris 2 device. Refer anyone that you feel could benefit from having a Personal Safety Device. Simply give them our information or call us with their name and we will follow up to see if this would fit their needs.*

*Sincerely,  
Ron Cota
